

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director  
Division of Water  
Room W264  
402 West Washington Street  
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water  
Room W264  
402 West Washington Street  
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

## 30 Day Public Notice Report

---

Application # : FW-24372

Stream : West Fork Whitewater River

Applicant : City of Connersville  
Mayor Max A Ellison  
500 North Central Avenue  
Connersville, IN 47331-2046

Description : This project will involve transforming a former landfill into a park and wildflower prairie. Approximately 1.1 miles of asphalt trails will be constructed and will include an interpretive display at the trailhead and interpretive stations along the path. Fill will be placed in an open area at the north end of the site to eliminate the potential for exposed debris left behind by the landfill and provide a solid base for the wildflowers. Overlooks will be constructed along the trail as well as a canoe launch to allow canoers access to the park. The project will be fully ADA compliant. Details of the project are contained in information received electronically at the Division of Water on June 11, 2007 and in plans and information received at the Division of Water on

Location : In the right (west) overbank between the stream and State Road 121 beginning approximately 4500' downstream of the State Road 44 stream crossing continuing downstream in the right overbank approximately 2400'  
DOWNSTREAM: near Connersville, Connersville Township, Fayette County

## 30 Day Public Notice Report

---

Application # : FW-24402

Stream : Big Blue River

Applicant : Raymond C Dooley  
9204 North 300 East  
Morristown, IN 46161-9795

Description : An earthen and rock dam will be repaired across the Big Blue River valley to recreate a previous acre recreational lake. The dam is approximately 75' long and 3.5' high. It has a crest elevation of 3.5', above normal water level and a 3' top width. The structure was designed to maintain a normal pool elevation of 3.5'. Details of the project are contained in information received electronically at the Division of Water on July 6, 2007 and in plans and information received at the Division of Water on

Location : At the Freeport Gristmill Dam; approximately 100' east of the Freeport Road and the County Road 300 East intersection and extending east for approximately 200' at Freeport, Hanover Township, Shelby County  
Section 14, T 14N, R 7E

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

## 30 Day Public Notice Report

---

Application # : FW-24407

Stream : Tracy Ditch

Applicant : City of Greenwood Board of Public Works and  
Safety  
Norm Gabehart  
225 South Emerson Avenue  
Greenwood, IN 46143-1958

Description : The construction of a multi-use pedestrian trail from the southern terminus of Summerfield Park to the northern terminus of Craig Park. One branch of the trail will terminate at the Greenwood Community High School grounds. The trail will be two lanes at 6' with 2' stone shoulders. It will be approximately 2.6 miles long and cross Tracy Ditch at four locations. Three of these crossings will be extensions of existing culverts at Stop 18, Apryl Drive and Ashmore Drive. The fourth crossing will be a new Pratt truss pedestrian bridge located just south of Stop 18. This structure will be a single-span, 10' by 100'. Two retaining walls will accompany the culvert extensions. Details of the project are contained in information received electronically at the Division of Water on July 10, 2007 and in plans and information received at the Division of Water on

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

- Location : The trail will begin at the southern terminus of Summerfield Park on County Road 750 North (Worthsville Road). The trail will progress north along the eastern side of Tracy Ditch. The trail route will be northward until it reaches the Barton Farms subdivision and will cross the ditch to a gathering area that will overlook an existing pond. The trail will continue to the northeast on the west side of the ditch until it reaches County Road 800 North (Stop 18) where it crosses the ditch again at a culvert extension. The trail proceeds north on the east side of the ditch to Apryl Drive where it crosses back to the west side over a new pedestrian bridge located next to Clearbrook Park housing edition. The trail continues north to a gathering location adjacent to Southern Bowl. At this location the trail will split and one path continues on the west bank of Tracy Ditch but bends northwest from Southern Bowl and crossing Ashmore Drive at a culvert extension and continuing due west to the Greenwood Community High School before ending at a small gathering area. The other path turns east then north for 50' then turns east again and runs along the south side of Marsh Supermarket and the south edge of the parking lot. From here the trail will turn north for approximately 30' and then turn east where it intersects with US 31. A new pedestrian bridge will be constructed that will take trail users over the highway. The trail will turn north and run along the east side of Madison Avenue until it intersects with Smith Valley Road and turns east. The trail will follow along the south side of Smith Valley Road to a new pedestrian bridge that will be utilized to accomplish the street crossing to Craig Park. The trail will end on the north side of Smith Valley Road where it will connect with the existing trail in Craig Park. A parking lot and trailhead will be located on Smith Valley Road just east of the new pedestrian bridge.

## 30 Day Public Notice Report

---

Application # : PL-20801

Lake : Lake Pleasant

Applicant : Christopher L Yesh  
360 Lane 201  
Lake Pleasant  
Fremont, IN 46737-8902

Description : 1. To fill in a man made channel in front of lot #10 in the Collins Addition on Lake Pleasant. This channel was constructed by Allen Dennison's father in law approx 60 years ago. The channel that will be filled in will start at the western point of lot #10 and go to the eastern point of lot #10 or 93 feet. It's approx. 15 feet to the island that was create when the channel was dug out. The excess dirt from the digging of the channel was placed on the island. I've talked to other neighbors along the channel and they'd be interested in filling in there part of the channel also. 2. A new underwater beach will be constructed in front of the property of the applicant on Lake Pleasant to provide an area suitable for swimming. The beach will consist of a 4 inch to 6 inch thick layer of 7/64 inch clean, washed pea gravel placed directly on the lakebed. The beach will begin approximately right at the west property line and will extend 65' east of the 93' frontage. It will have a maximum lakeward projection of 12'. 3. A new seawall will be constructed along the frontage of the applicant on Lake Pleasant to deter shoreline erosion. The wall will be composed of 2" to 12" diameter glacier stone and will be approximately 30' long. Starting approximately 65' east of the western property line and extending 30' to the eastern most property line. Its lakeward face will be at the legal shoreline of the lake. Details of the project are contained in information received electronically at the Division of Water on July 10, 2007 and in plans and information received at the Division of Water on

Location : 360 Lane 201 Lake Pleasant; Collins Addition  
at Fremont, Fremont Township, Steuben County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

Application # : PL-20804

Lake : Snow Lake

Applicant : Roger W Ross  
240 Lane 755 B Snow Lake  
Fremont, IN 46737-9071

Description : An existing underwater beach will be improved in front of the property of the applicant on Snow Lake to prevent further beach erosion. A 4" layer of (7/64" clean, washed pea gravel will be placed directly on top of the remaining sand. The placement will begin approximately 65' south of the northern property line and will extend southerly across 50' of the 165' frontage. It will project lakeward for the lessor of 20' or a depth of 6' below the average normal level of the lake. Details of the project are contained in information received electronically at the Division of Water on July 6, 2007 and in plans and information received at the Division of Water on July 10, 2007.

Location : 240 LN 755B Snow Lake; Lot #60 in the Plat of North Snow Bay, Second Addition  
near Fremont, Steuben Township, Steuben County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20805

Lake : Dallas Lake

Applicant : Charles Poyser  
1240 East 600 South  
Wolcottville, IN 46795-9275

Description : A new seawall will be constructed along the frontage of the applicant on Dallas Lake to deter shoreline erosion. The wall will be composed of 2" to 12" diameter rocks and will be approximately 1000' long. Its lakeward face will be at the legal shoreline of the lake. Details of the project are contained in information received electronically at the Division of Water on July 12, 2007 and in plans and information received at the Division of Water on

Location : 1240 East 600 South; north east shore of Dallas Lake  
near Wolcottville, Johnson Township, LaGrange County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

Application # : PL-20806

Lake : Tippecanoe Lake

Applicant : TIPPY MOBLE COURT, INC  
5518 N 450 E  
LEESBURG, IN 46538

Description : A new seawall will be constructed across 14' of the 1000' frontage of the applicant along Tippecanoe Lake to deter shoreline erosion. The wall will consist of poured in place concrete which will be sloped on the lakeward side. It will be 48" inches high and will vary uniformly in thickness from 12" to 36" inches from the base to the top. The lakeward face of the wall will be at the legal shoreline. Details of the project are contained in information received electronically at the Division of Water on July 12, 2007 and in plans and information received at the Division of Water on

Location : 5518 North 450 East; the project is located on the south west side of Tippecanoe Lake next to Wildwood Island  
near North Webster, Tippecanoe Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11
